Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,
I OBJECT to the definition of "inordinate amount" which restricts the availability
and the right to obtain medically necessary compounded medications by limiting
the number of prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

COMMENTS:

I suffered for years from
severe migraines due to HRT.
It was only when I was able
to obtain monthly amounts
of natural hormones compounded
by Madison Pharmacy that
my migraines stopped.
Women's menopausal needs
are so individual that it is
essential that compounded
products are available. c591
Standard prescription
medications. There are so few
women's health pharmacies
available that it would be
disastrous for us if we could
